Director of Central Intelligence
Washington, D.C. 20505

To the Director:

I am a student at the University of Michigan. I am working with several students who are organizing a forum on the C.I.A. Many students here are concerned about having C.I.A. recruitment on our campus. We have heard many negative things about the agency and its operations. We hope you can send someone to talk to us about the importance of intelligence gathering and any other positive aspects of the organization.

We are inviting a variety of speakers representing all sides of the issue, including some who oppose C.I.A. activity. Each speaker will give a short presentation and then we will open the floor to questions. We have not yet set an exact date for the forum, but we would like to hold it sometime in the first two weeks of March.

In the past, we have found the forum format to be very educational regarding such controversial issues as military research on campus. I mention this because I want to assure you that we have every intention of presenting all sides of the issue fairly and in a receptive manner.

In closing, I would like to invite any suggestions you might have regarding the content or presentation of this event. Since it is still in the planning stages, your ideas would be most appreciated. Let me know if you have any questions. I look forward to hearing from you soon.

Sincerely,

STAT
